“I’VE REORGANIZED MY BUSINESS, RAISED MY PRICES, AND HAVE MORE FINANCIAL PEACE.”

Monica taught high quality techniques and gave easy to use, practical tools – even giving us a full workbook to keep and use. It wasn't just lectures. There were people making emotional breakthroughs and having epiphanies all weekend.

This year, I worked with fewer clients and made over 20% increase from the year before! I've reorganized the structure of my business, raised my prices, and have more financial peace.

“I’VE DOUBLED MY INCOME IN 4 WEEKS – AT ¼ OF THE TIME!”

I LOVED IT. Everything that was said hit home. I realized my biz was at a standstill because I was content making the money I did and it was completely OK to want MORE! It doesn't make me a bad person, it means I'm helping more people live their dreams.

I took home pages of notes that I have been reading every day. In 4 weeks I have doubled my income and been more productive than ever in quarter of the time. Seriously A QUARTER OF THE TIME. THANK YOU!
